## Participant information PSD Bank Indoor Meeting Dortmund on 02/07/2021

### Helmut-Körnig-Halle Dortmund

Dear athletes and coaches!

Subject to the final approval of the authority of the city of Dortmund, we will only be able to hold the PSD Bank Indoor Meeting Dortmund on February 7th, 2021 under strict protective and hygiene measures. Each individual can do their part to minimize the risk of infection as much as possible. The following rules of conduct are a basic requirement for holding the event:

#### **A. General Code of Conduct**

##### Hygiene regulations

The behavior guidelines of the hygiene concept must be observed by all persons at the event at all times. Violations lead to the withdrawal of accreditation and thus to exclusion from the event.

##### Distance regulations

A distance of at least 1.5 m between people (groups) should be maintained at all times (with the exception of the warm-up area for athletes).

##### Mouth and nose covering

It is compulsory to wear a mouth and nose covering in all areas outside the competition area and the warm-up area. Sufficient disposable masks are kept ready for all those involved if necessary.

##### Greeting rituals

Shaking hands, hugging or other greeting rituals should be avoided.

##### Sneeze and cough label

The rules of the cough etiquette must be followed. When coughing, pay particular attention to the distance to other people and turn away from them. Hold the crook of your arm in front of your mouth and nose when coughing and sneezing. Wash your hands thoroughly after sneezing or coughing.

##### Disinfection and cleaning

There is a duty to wash or disinfect hands and to regularly clean and disinfect contact surfaces, sanitary rooms and dishes.

PART OF THE

Hand disinfectants and disposable disinfectant wipes will be sufficiently available.

#### Avoidance of waiting times

It is important to avoid waiting times at the entrance. All participants are requested to come to the competition hall only at the authorized times and to have the accreditation ready. No persons will be accredited during the competition. At peak times, those involved are asked to keep enough distance from other people.

#### Presence in the competition hall

All participants are only allowed to be in the competition hall at the assigned times. Leave the competition hall immediately after the competition. The trainers are only allowed to stay in the competition hall during the times when their athletes are active during the competition.

#### Recognizing symptoms of illness

In the event of any symptoms of illness, there is no entry to the competition hall and isolation in the hotel. In particular, the following symptoms should be observed: cough, fever, runny nose, sore throat, general weakness, odor and taste disorders, diarrhea.

People who tested positive for Corona within the last 14 days before the start of the event will not be admitted.

#### Information request

All those involved must answer questions about current symptoms in advance. Participation is excluded if these questions are not answered or only partially answered.

#### Contact tracking

The traceability of all groups of people is guaranteed in accordance with the requirements of the "CoronaSchVO" (NRW Covid19-Protection Rules). For this purpose, data is collected for contact person tracking. The personal data is processed in accordance with the applicable data protection regulations and secured against unauthorized access and is completely destroyed after the period of 4 weeks.

Upon request, the data will be made available to the health department in Dortmund.

PART OF THE

## B. Special duties of conduct

### Arrival by plane

Participants arriving from abroad are obliged, regardless of any entry requirements, to present a negative test result for an infection with the SARS-CoV-2 coronavirus on paper or in an electronic document in German, English or French that is no older than the date of arrival than 48 hours.

When the foreign participants are picked up at the airport, the driver service checks for a negative test result. If this is not the case, travel to Dortmund is not permitted. If necessary, the athlete can have a PCR test carried out at the airport at his own expense and must wait at the airport until the test result is available in a hotel at his own expense. If the test result is negative, we will ensure collection.

### Arrival by car or rail

Before entering the athletes' hotel, all participants are checked to see whether a negative test result from a PCR test, which must not be older than 48 hours at the time of arrival, is present. In the absence of a test or any deficiencies, there is the possibility of a quick test before the hotel can be entered.

### Accreditation

Accreditation for all participants who stay overnight in the athletes hotel takes place after arrival at the hotel. Participants will receive further information on meal arrangements and room assignments at the hotel.

Accreditation for participants who arrive on the day of the competition takes place in the competition hall. Allow around one hour for the accreditation and the mandatory quick test.

The schedule will be sent separately.

### Ban on contact

All participants who stay overnight in the event hotel are strictly prohibited from contacting people outside the hotel during their stay. Participants who arrive on Friday or Saturday morning have the opportunity to train in the competition hall on Saturday after prior registration. Training units outside the competition hall in public spaces are expressly prohibited and lead to the exclusion of the participant.

PART OF THE

The participants will walk the distance between the event hotel and the competition hall (approx. 500m). This also applies to the day of the competition.

### Covid 19 Fast Test

On the day of the competition, all participants who have stayed at the hotel will be tested again in the morning. The documented result is given to the participant and he can show it when entering the competition hall.

Participants who arrive on the day of the competition will be tested with the help of a Fast-test when they enter the competition hall, regardless of whether another test certificate is presented.

### Time slots

Time slots have been set up for training on Saturday and the day of the competition, within which the participants can stay in the competition hall. These are set up so that there is enough time to warm up and leave the hall. After the competition you have to return to the hotel immediately if you stay overnight.

### Victory Ceremony

There is no victory ceremony.

Dortmund, January 23rd, 2021

The hygiene officer
